- **UI Web Technologies:** HTML, HTML5, CSS3, SASS, JavaScript, jQuery, WordPress, Handlebars.js, JSON, Bootstrap, React JS, Redux, Express JS, Node.js, GitHub
- **Databases:** mongoDB, Sequelize
- **Frameworks:** React JS, Redux, ES6, NodeJS
- **Languages:** Typescript, MySQL

PROJECTS

Freakimono
GitHub: https://github.com/Team-Narwhal/My_Pet
Deployed URL: https://freakimono.herokuapp.com
- Freakimono combines the joy of creating and caring for a lovable little creature and the fun of connecting with other users to battle it out in a dynamic battle environment.
- Developed sign-up and login functions, PlayPen UI, refactored code, and reviewed code in GitHub

PAWSitive Pals
GitHub: https://github.com/project-3-collab/Pawsitive-Pals
Deployed URL: https://pawsitive-pals.herokuapp.com
- A mobile friendly app enabling users to set up a playdate with an animal at a local shelter or adoption organization. Gain the experience of what it may be like to own a pet without the full commitment of adopting one.
- Created server model and schema in MongDB and GraphQL, developed and designed client-side pages and components, reviewed code

NaNarWord
GitHub: https://github.com/NaNifer/NaNarWord-word-game
Deployed URL: https://nanifer.github.io/NaNarWord-word-game
- This game is a mobile friendly web app providing an immersive experience into the world of words.
- Generated sign-up and login functions, save word definitions, saving user data in local storage, refactored code, and reviewed code in GitHub

EXPERIENCE

Development Manager, Oakland Leaf — Oakland, CA — June 2016–December 2019
- Tracked, analyzed, and manipulated Salesforce SQL queries for fundraising reports
- Produced custom formulas in GoogleSheets to track and sort data
- Key Accomplishments:
  - Directed and cultivated the fundraising plans for Oakland Leaf's Annual Fundraising Gala in March 2019. The fundraising goal was exceeded by 40%.
  - Spearheaded the creation, production, and distribution of the Annual Report

EDUCATION

Boot Camp Certificate: UC Berkeley Extension, Berkeley, CA
A 24-week intensive program focused on gaining technical programming skills in HTML5, CSS3, Javascript, JQuery, Bootstrap, Node.js, MySQL, MongoDB, Express, Handelbars.js, and ReactJS.

Bachelor of Arts in Arts Administration, San Francisco State University
